Points are awarded to the first six SDG members placed in each class with 6 points awarded to the first placed SDG rider down to 1 point for the SDG rider finishing sixth. Please note that Collectives are not taken into account and all competitors finishing on the same score will have the points averaged out between them (for example, if two riders finish second equal, they will score 4.5 each, sharing the points for second and third places). If you require further information or clarification on these tables, please email Jacky Chalmers (jacky.chalmers@btopenworld.com).
