

Official Stewards and Hat (and Body Protector) Taggers at November 2012

The BRC Head Office requirement is for hats and body protectors to be tagged at Qualifiers and Championships. The sessions in Area 1 have revealed a considerable number of hats and body protectors which did not meet the minimum standards. This is of great concern. The Area would prefer to tag as many hats and body protectors as possible so will attend club meetings etc. If any club would like to make use of this service, please contact one of the people on the under-noted list.
